Personal Inventory

(To be used to prepare your resume)

From where did you graduate?

High School Saint Joseph Thiphawan School Special Focus Health Information Systems

University Mahidol University Major Health Informatics

Did you attend any private organizations for learning? (tutoring schools, camps, workshops, training seminars…….)

Practice and prep for english proficiency exams and Digital

What clubs/activities do/did you belong to?

High school software / game development competitions

What job(s) have you worked?

N/A

What ***tasks*** have you done in school, in clubs, at home, at a job, etc.? (use action verbs to describe the tasks)

1. Created digital layouts
2. Developed functional software tools
3. Interactive applications using Python and C#
4. Structured and managed data inputs for class events and group activities
5.
6.
7.
8.
9.
10.
11.
12.

What ***skills*** did you need to do these tasks? Be specific!

1. Programming & Logic (Python, C#)
2. Data Structuring & Management Basics
3. UI/UX Design for Web application
4. Technical Documentation & Report Writing
5. Coordition & Cross-functional Communication
6.
7.
8.
9.
10.
11.

12. _____

Describe your independence, ability to follow a leader/directions, or teamwork in some of the tasks/activities above.

1. Independence: Proactivity learn programming logic and software building
2. Teamwork: Coordinated with group member to organized multi day travel schedules and shared data.
